Item 7.01 Regulation FD Disclosure.

As previously disclosed, on June 30, 2024, Delta Apparel, Inc. (the "Company") and its domestic direct and indirect subsidiaries (collectively, the "Company Parties") filed voluntary petitions (the "Chapter 11 Cases") under Chapter 11 of the United States Bankruptcy Code in the United States Bankruptcy Court for the District of Delaware (the "Bankruptcy Court").

In connection with the Chapter 11 Cases, on August 8, 2024, the Company filed with the Bankruptcy Court a monthly operating report for the period ended June 30, 2024 (the "Monthly Operating Report"), which is attached hereto as Exhibit 99.1. This Current Report on Form 8-K (including the exhibits hereto, this "Report") will not be deemed an admission as to the materiality of any information required to be disclosed solely by Regulation FD. The Monthly Operating Report, monthly operating reports filed on behalf of each of the other Company Parties, and other filings with the Bankruptcy Court related to the Chapter 11 Cases may be available electronically at https://dm.epiq11.com/Delta-SaltLife. The information on this website is not incorporated by reference into, and does not constitute part of, this Report.

The information contained in this Item 7.01 and in Exhibit 99.1 shall not be deemed to be "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), or otherwise subject to the liabilities of that section, and shall not be deemed to be incorporated by reference into any of the Company's filings under the Securities Act of 1933, as amended, or the Exchange Act, whether made before or after the date hereof and regardless of any general incorporation language in such filings, except to the extent expressly set forth by specific reference in such a filing.

Cautionary Note Regarding the Company's Common Stock

The Company cautions that trading in the Company's common stock and other securities during the pendency of the Chapter 11 Cases is highly speculative and poses substantial risks. Trading prices for the Company's securities may bear little or no relationship to the actual recovery, if any, by holders of the Company's securities in the Chapter 11 Cases. The Company expects that holders of shares of the Company's common stock will experience a complete or significant loss on their investment, depending on the outcome of the Chapter 11 Cases. Accordingly, the Company urges extreme caution with respect to existing and future investments in its common stock.

Cautionary Note Regarding the Monthly Operating Report

The Company cautions investors and potential investors not to place undue reliance upon the information contained in the Monthly Operating Report, which was not prepared for the purpose of providing the basis for an investment decision relating to any of the securities of the Company. The Monthly Operating Report is limited in scope, covers a limited time period and has been prepared solely for the purpose of complying with the monthly reporting requirements of the Bankruptcy Court. The Monthly Operating Report was not audited or reviewed by independent accountants, was not prepared in accordance with generally accepted accounting principles in the United States, is in a format prescribed by applicable bankruptcy laws or rules and is subject to future adjustment and reconciliation. There can be no assurance that, from the perspective of an investor or potential investor in the Company's securities, the Monthly Operating Report is complete. The Monthly Operating Report also contains information for periods which are shorter or otherwise different from those required in the Company's reports pursuant to the Exchange Act, and such information might not be indicative of the Company's financial condition or operating results for the period that would be reflected in the Company's financial statements or in its reports pursuant to the Exchange Act. Results set forth in the Monthly Operating Report should not be viewed as indicative of future results.

Cautionary Note Regarding Forward-Looking Statements

This Report includes statements that may constitute "forward-looking statements" within the meaning of the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995. Forward-looking statements may be identified by the use of words such as "estimate," "plan," "project," "forecast," "intend," "will," "expect," "anticipate," "believe," "seek," "target" or other similar expressions that predict or indicate future events or trends or that are not statements of historical matters. The Company's actual results may differ materially from those anticipated in these forward-looking statements as a result of certain risks and other factors, which could include the following: risks attendant to the bankruptcy process, including the Company's ability to obtain court approval from the Bankruptcy Court with respect to requests made to the Bankruptcy Court throughout the course of the Chapter 11 Cases; the effects of the Chapter 11 Cases, including increased legal and other professional costs necessary to execute the Company's Chapter 11 Cases, on the Company's liquidity (including the availability of operating capital during the pendency of the Chapter 11 Cases), results of operations or business prospects; the effects of the Chapter 11 Cases on the interests of various constituents and financial stakeholders; the length of time that the Company will operate under Chapter 11 protection and the continued availability of operating capital during the pendency of the Chapter 11 Cases; objections to the Company's restructuring process, any senior secured super-priority debtor in possession term loan facilities, or other pleadings filed that could protract the Chapter 11 Cases; risks associated with third-party motions in the Chapter 11 Cases; Bankruptcy Court rulings in the Chapter 11 Cases and the outcome of the Chapter 11 Cases in general; the Company's ability to comply with the restrictions imposed by the terms and conditions of its financing arrangements; employee attrition and the Company's ability to retain senior management and other key personnel due to the distractions and uncertainties; the Company's ability to maintain relationships with suppliers, customers, employees and other third parties and regulatory authorities as a result of the Chapter 11 Cases; the impact and timing of any cost-savings measures and related local law requirements in various jurisdictions; risks relating to the delisting of the Company's common stock from NYSE American and quotation of the Company's common stock; the effectiveness of the Company's internal control over financial reporting and disclosure controls and procedures, and the potential for material weaknesses in the Company's internal controls over financial reporting or other potential weaknesses of which the Company is not currently aware or which have not been detected; the impact of litigation and regulatory proceedings; the impact and timing of any cost-savings measures; and other risk factors set forth in the Company's Annual Report on Form 10-K and other periodic and current reports filed with the Securities and Exchange Commission. These statements are provided for illustrative purposes only and are based on various assumptions, whether or not identified in this Report, and on the current expectations of the Company's management. These forward-looking statements are not intended to serve, and must not be relied on by any investor, as a guarantee, an assurance, a prediction or a definitive statement of fact or probability. Actual events and circumstances are difficult or impossible to predict and will differ from assumptions. Many actual events and circumstances are beyond the control of the Company. These forward-looking statements are subject to a number of risks and uncertainties, including those identified in the Company's reports filed with the SEC, and if any of these risks materialize or our assumptions prove incorrect, actual results could differ materially from the results implied by these forward-looking statements. Accordingly, undue reliance should not be placed upon the forward-looking statements. The Company undertakes no obligation to publicly update or revise any forward-looking statement, including any projections, as a result of new information, future events or otherwise, except as otherwise required by law.
